

## APPLICATION FOR FULL MEMBERSHIP

The Energy Services and Technology Association (ESTA) is the UK's leading energy management industry association. With over 30 years' involvement in energy management, ESTA is a standard setter in the development of the industry. We have a highly regarded and impressive track record of promoting our members' interests at the highest levels in the UK, Europe and internationally.

Please note the following:

- You/your organisation agree to abide by the Memorandum and Articles of Association of ESTA ([estaenergy.org.uk/about](http://estaenergy.org.uk/about)).
- You/Your organisation understands that full membership of the Association continues on a yearly basis and that resignation from the Association is only available three months prior to the anniversary of your fees being due.
- The signatory must be able to commit the applicant organisation to continuing membership and should be a Director, Owner, Partner or in organisations having over £5m pa turnover, a senior manager [reporting to a Director].
- Return **SIGNED ORIGINAL FORM** to [craig@eua.org.uk](mailto:craig@eua.org.uk) with organisation details e.g. corporate brochure, outline product details and membership fee.

### YOUR COMPANY DETAILS

Name of company

Registered address

VAT number including country code

Company registration number

Year established in UK

Parent company

Subsidiary of

Subsidiaries (if any)

Sister companies (if any)

Number of employees

Please provide a short description of company

Do you manufacture in the UK?    Yes                      No

Location/s:

Do you have additional service operations in the UK?    Yes                      No

Location/s:

Are you a member of any other trade or employers association?    Yes                      No

Subscription rate band your company currently falls into (see attached)

\* New members are required to pay only the portion of the annual subscription due from the beginning of the quarter in which they are admitted into membership. The annual fee is based on bands of turnover. The turnover is for the members legal entity i.e. Ltd, PLC, partnership, etc and is for the full entity i.e. NOT divisions. Turnover can be based on the last accounts submitted to Companies House – provided these are not overdue.

ESTA working groups meet on a regular basis to discuss matters affecting their business sector and to agree on the collective action to be taken. The working groups respond as a collective voice to industry relevant developments such as Government consultations, development of codes of practice, formation, modification or enhancement of draft legislation or changes to standards.

Which working group will you participate in?

automatic Monitoring & Targeting group (aM&Tg)

Behaviour Change Working Group (BCWg)

Energy Services Contracting group (ESCg)

Independent Energy Consultants' group (IECg)

Smart Buildings group (SBg)

Please outline the reason for joining
